FROSH POD "68"

BERKELEY PUBLIC LIBRARY

Principal's Message

On behalf of the entire staff at West Campus, I would like to thank this class for the wonderful impression you have made here at West Campus. You began the year in a spirited way, backing your teams, and conducting your student body affairs in a most enthusiastic supportive way. Many of your classmates have shown real dedication to noble ideals and you were willing to discuss these ideas in a most mature fashion. Almost every staff member commented upon the courtesy, consideration, and cooperation shown by most students in the class of '71.

This year you worked with two new key staff members, Mr. Teller our Vice Principal and Mr. Lovell our veteran Drama Teacher who replaced Miss Ginno as Coordinator of Student Activities. Both of these staff members worked closely with the class in a most productive way. May the success which you have achieved here during your first year of high school go with you and continue to reward you in your final three years of Berkeley High School. Also to those of you who spent so much time in serious discussions, may you find continued mental satisfactions in your never ending search for truth.

F. Carl Dwight, Principal
West Campus Berkeley High School

PRESIDENTS' MESSAGES

I would like to express my gratitude to the student body and faculty for co-operating with the fall semester B.O.C. so well. Your assistance and new ideas for our class of 71' were greatly appreciated.

We have tried our best to serve you and fill your needs and desires. By having you and the faculty help so much in studying for a better school and better student relations, you proved that working together can be a very rewarding experience.

The office of president of West Campus was a very rewarding experience for me, and I hope the next B.O.C. will feel the same.

Marsha Turner
Student Body President

This has been a rewarding year for me. Before I was elected president, I didn't realize the many problems which our student government faces. During this past semester, I have found that with little hard work, much can be done. We can remember with pleasure the changes in the cafeteria service as a result of our Cafeteria Committee. This is just one of the examples! No student council can be a success without enthusiastic student interest in the problems of the school.

My final thought is that as your elected officers, we have tried to involve all of you the students in order to make it a successful and rewarding school year.

Donald Daniels
Student Body President
